

2006 Security Refresher Briefing

The prizes for the recently completed 2006 Security Refresher Briefing will be distributed to Oak Ridge Office Federal employees on Thursday, March 15, 2007. This will take place in the Lobby of the Federal Office Building between the hours of 9-11 a.m. and 1-3 p.m. The Department of Energy (DOE) employees working in the Federal Building Complex should plan to pick up their prizes at that time. If you will not be able to pick up your prize that day, you may contact Kim Dodson, Legacy-Critique at (865) 576-0921 to make alternate arrangements. For those DOE employees located off-site (i.e., Portsmouth, Paducah, Thomas Jefferson Site Office, East Tennessee Technology Park Site Office, and the Oak Ridge National Laboratory Site Office), you will be contacted with further information.

We are pleased to announce some new prizes for this year. Back by popular demand are small-collapsible umbrellas in two sizes, approximately 9" and 15" long. We also have clear vinyl luggage tags that can be used to identify your umbrella, briefcase, lunchbox, etc. These new items do not have any slogans or other markings on them that might identify you as a Government employee if used in public. We also have a limited number of other prizes left from previous years.

If you have any question, feel free to contact Kim Dodson, at (865) 576-0921
